

## Digital Media Receiver with MIXTRAX, Built-in Bluetooth®, and USB Direct Control for iPod/iPhone and Certain Android Phones

### Key Selling Point

- Simple, seamless music connection makes it quick and easy to enjoy Non-Stop Mix Play. Cool Flashing Color livens up the cabin with light pulsing to the beat of the music.
- Large VA LCD display with 2-line text provides superior visibility and contrast throughout a wide viewing angle range.
- Shallow chassis depth allows for more flexibility in installation.
- Lever Key gives a driver more assured operability and smoother control of various functions and settings.
- Color Customization lets user match a receiver to car cabin and dash.

### Main Features

- Bluetooth for Hands-Free Calling & Wireless Audio
- Siri Eyes Free
- Media App Control for Android
- Advanced Sound Retriever for Bluetooth Wireless Audio

### iPod/iPhone Compatibility

Made for
iPhone 5s, iPhone 5c, iPhone 5
iPhone 4s
iPhone 4
iPhone 3GS
iPhone 3G
iPhone
iPod touch (1st, 2nd, 3rd, 4th, and 5th generation)
iPod classic
iPod with video
iPod nano (1st, 2nd, 3rd, 4th, 5th, 6th, and 7th generation)

Notes: Receiver may not operate other iPod or iPhone models. Compatibility with unit and operations may vary depending on the software version. See page 92 for more details.

### Technologies

## MIXTRAX

Pioneer applied its unique expertise to keep car entertainment flowing smoothly without interruption, so you can experience the intimate euphoria of listening to music that sounds as if a club DJ is there playing it.

\* Depending on the file/song, sound effects may not be enabled for adding.

**For iPhone and iPod:** All Audio Receivers Compatible with iPod and iPhone

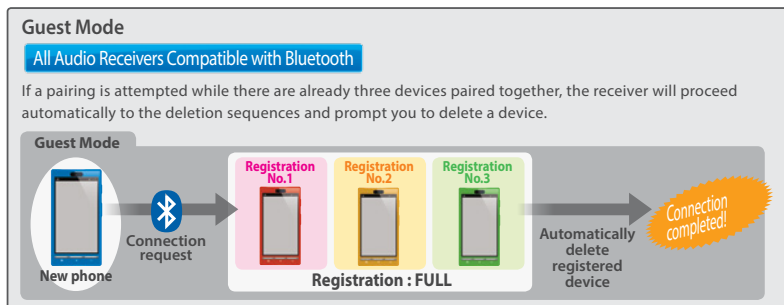

**For Android Phone:** All Audio Receivers Compatible with Certain Android Phones

- Use music apps stored in your iPod, iPhone or Android phone for listening through the car speakers.
- Fast forward and reverse can be operated through the receiver.
- Media App Control boots up as a music source for quicker access to iPod, iPhone or Android phone app control.

## Bluetooth®

A Pioneer receiver with Built-in Bluetooth Wireless Technology not only makes Bluetooth hands-free function easy and safe to operate while driving — it also extends your enjoyment of wireless audio control and streaming.

## ADVANCE SOUND RETRIEVER

Hear the detail, warmth and clarity, the way the artist intended it, from all of your highly compressed MP3 and WMA files stored on USB device, iPod®, Android\*\* phone and portable media players. By restoring data (especially higher frequencies) that tend to get lost in the digital compression process, Pioneer's Advanced Sound Retriever technology enhances audio reproduction nearly all the way up to 20 kHz frequencies.

### Sound quality deterioration due to compressed audio file

## Main Specifications

<b>CD PLAYER / MEDIA PLAYBACK SECTION</b>
