Technologies

MIXTRAX

Innovative Pioneer technology that creates a **Non-Stop MIX with a range of DJ-inspired effects.**

MIXTRAX Benefit MIXTRAX EZ

Pioneer applied its unique expertise to keep car entertainment flowing smoothly without interruption, so you can experience the intimate euphoria of listening to music that sounds as if a club DJ is there playing it.

For Android Phone: All Audio Receivers Compatible with Certain Android Phones

- Use music apps stored in your iPod, iPhone or Android phone for listening through the car speakers.
- Fast forward and reverse can be operated through the receiver.
- Media App Control boots up as a music source for quicker access to vAndroid phone app control.

ADVANCE SOUND RETRIEVER

Hear the detail, warmth and clarity, the way the artist intended it, from all of your highly compressed MP3 and WMA files stored on USB device, iPod®, Android** phone and portable media players. By restoring data (especially higher frequencies) that tend to get lost in the digital compression process, Pioneer's Advanced Sound Retriever technology enhances audio reproduction nearly all the way up to 20 kHz frequencies.

PACKAGE SYSTEM CONFIGURATIONS

Pioneer's new package models containing a audio receiver and bundled speakers are ideal for entry-level customers who want to upgrade their car audio system with ease.
