iPhone 5s, iPhone 5c, iPhone 5

Notes: Receiver may not operate other iPod or iPhone models. Compatibility with unit and operations may vary depending on the software version.

Technologies

MEDIA APP CONTROL

- Use music apps stored in your Android phone for listening through the car speakers.
- Fast forward and reverse can be operated through the receiver.
- Media App Control boots up as a music source for quicker access to Android phone app control.

ANTI-DUST DESIGN\*

Pioneer heat release structure can reduce ventilation holes & clearance gaps. The results are optimally efficient heat dissipation and prevention of entry of dust that can cause malfunction.

\*The effect might change depending on the environment of the car.

Anti-Dust Structure Image

Non-anti-dust design

Anti-dust design

**Innovative Pioneer technology that creates a Non-Stop MIX with a range of DJ-inspired effects.**

**MIXTRAX Benefit**

Pioneer applied its unique expertise to keep car entertainment flowing smoothly without interruption, so you can experience the intimate euphoria of listening to music that sounds as if a club DJ is there playing it.

**USB Source Change Function**

**ON** The music source automatically changes to the connected source device.

**OFF** The music source being played on the receiver doesn't change, allowing the connected smartphone or portable media player to recharge while the music plays.

When the audio receiver is connected to a media player, smartphone or other device via USB, you can choose to set the USB Source Change function ON or OFF.

\* Depending on the file/song, sound effects may not be enabled for adding.

**Pioneer ARC**

**Pioneer ARC**

Original Pioneer ARC app lets you control and play various music sources and apps in your smartphone conveniently by operating Pioneer audio receiver or a smartphone (iPhone/iPod touch/Android device).

Accordingly, you can see Text Information, operate File/Folder/Browse, Streaming App Playback, Music Browser functions and listen to get the best out of your receiver by easily adjusting your EQ Settings, Crossover and Time Alignment all through your Smartphone with Pioneer ARC!"
