- Media App Control for Android
- Direct Control for Certain Android Phones (USB)
- AUX Input (Front)
- MP3/WMA/WAV Playback
- Shortwave Tuner
- RDS
- 5-Band Graphic EQ
- Detachable Face Security

### Technologies

## MIXTRAX

Pioneer applied its unique expertise to keep car entertainment flowing smoothly without interruption, so you can experience the intimate euphoria of listening to music that sounds as if a club DJ is there playing it.

\* Depending on the file/song, sound effects may not be enabled for adding.

For Android Phone: All Audio Receivers Compatible with Certain Android Phones

- Use music apps stored in your Android phone for listening through the car speakers.
- Fast forward and reverse can be operated through the receiver.
- Media App Control boots up as a music source for quicker access to Android phone app control.

## USB SOURCE CHANGE FUNCTION

When the audio receiver is connected to a media player, smartphone or other device via USB, you can choose to set the USB Source Change function ON or OFF.

## PRESET STEERING WHEEL CONTROL

You can now use buttons on your car steering wheel to control certain car receiver functions. Setup is simple. Just choose your car brand name in the receiver's PRESET setting interface to automatically ensure compatibility of your vehicle's original steering wheel controller with the system.
